Dear friends,

we would like to invite you to take part in the **international ballet school exhibition of non-professional classical ballet**. The best dancers get can show their skills with no stress as well as represent their school in a wonderful historical building.

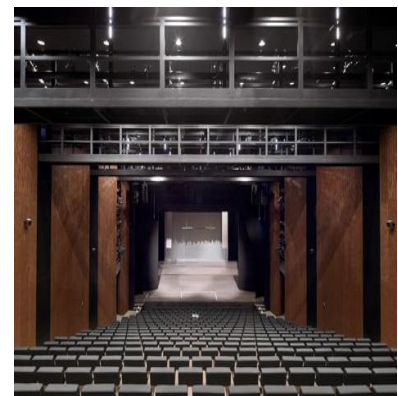

This event gives them the chance to compare their effort with the others in a non-competitive way and motivate them to practise and study harder by allowing them to perform in a professional theatre.

The event is organized by Balet, z. s. It is an organization associating former members of the J. K. Tyl Theatre ballet group and former students of the J. K. Tyl Theatre ballet school.
